

## How can I switch to a different section?

Last Modified on 05/05/2022 1:09 pm MDT

Students can request a change of a course section up to the Friday before a term begins. This request should be sent to your [Student Counselor](#). If there are not other sections available for that course in the term, the Student Counselor will discuss other options.

A new section cannot be requested after this day. See [When can I drop a course](#) for more information on drop dates.
