

When do grades post?

Last Modified on 10/04/2023 2:47 pm MDT

Grades for individual assignments are usually expected to be posted for courses within 96 hours after the due date. Instructors work diligently to meet these goals and will update the [grade book](#) in Canvas as soon as the grades are finalized.

Final grades must be submitted by Faculty to the registrar by midnight (Mountain Time) Thursday, after the last day of the course. Grades will post the following Monday or 8 days after the class ends. Final grades for a course are posted to official transcripts, invoices, and your Degree Progress Audit roughly 8 days after a term ends. After final grades post, you can request [official transcripts](#) that will reflect those grades. You can also view your unofficial transcript and they will be reflect there as well.
