

## Are books included with tuition?

Last Modified on 10/06/2022 12:00 pm MDT

Books are not included in the price of your tuition.

Most students purchase/rent their books from a vendor of their choice. On occasion, a book charge/material fee is automatically charged to your CSU Global account if the material is provided via the classroom (such as online readings or simulations/supplemental systems). Check out the [book list](#) for more information and see if an additional book/material fee is associated with your course.
