## Finding Scholarships

There are many other scholarships for college students outside of CSU Global and we encourage you to seek them out. Here are some scholarship resources that might help with your search:

- [Department of Education](#)
- [College Board's Scholarship Search](#)
- [FinAid](#)
- [Scholarships.com](#)

## Scholarship Impact on Cost of Attendance (COA)

Scholarship values count towards your overall [Cost of Attendance](#) . If a student has received funding up to their COA, these funds will be reduced by the value of the scholarship received in that academic year. This reduces the amount of additional federal funding you are eligible to receive as federal regulations prevent students from receiving aid greater than their COA.
