

When can I order my final transcript?

Last Modified on 05/07/2024 12:27 pm MDT

Final transcripts can be ordered once your degree has been conferred which happens approximately one month (30 days) after your final credits post. During the conferral process, your status will remain as "Graduation Candidate". You will receive an email from the [Registrar's office](#) once your conferral is final. After the degree conferral process is complete, your transcript will show your Graduated status and graduation date, listed as the last day of your final term.

[Click here](#) for directions on how to order your official transcript.
