

# Can I double major?

Last Modified on 12/28/2018 12:16 pm MST

Unfortunately, CSU-Global students cannot double major. We do offer [specializations](#) to enhance your degree or, after completing your first degree, you may be able to return and work towards a [second Bachelor's](#) or [Master's degree](#) .

**\*\*Please Note:** Graduate students in the [Management and Organizational Leadership](#) majors only are able to seek a Dual Degree. The best time to declare your interest in the dual degree program is near the beginning of your program. Please [contact your student advisor](#) if you are interested in this program.
