

## How do I change my major?

Last Modified on 05/30/2024 4:52 pm MDT

You must initiate the program change request through your Student Success Counselor. To find out how many of your credits will transfer from your current program into a new one, please make an appointment with your Counselor to discuss and determine an estimate. **Please note that the final number of credits that will transfer will be confirmed AFTER the program change is officially processed.**

If you decide to switch programs, you will need to fill out and submit a **Program Change Request** form. Your Student Success Counselor will upload it to the Document Center of your student portal for completion.

Once the form is submitted and approved, your program change will be processed, and your degree plan will be updated **within the first two weeks of the next upcoming parent term.**
