

# What is an Academic Year?

Last Modified on 02/13/2026 1:18 pm MST

An academic year at CSU Global is not the same as a calendar year; rather it consists of two consecutive trimesters, or 32 weeks.

Each academic year will have two trimesters, and four 8-week terms. We use the academic year distinction for both academic and financial aid purposes. Financial Aid students will have their financial aid repackaged each academic year.

See our [Academic Calendar](#) for more information.
