When is the R2T4 calculation completed?

Due to Federal Regulations, CSU Global *must* complete R2T4 calculations within 30 days of what is called the "Date of Determination (DOD)". The Date of Determination is approximately 14 days after a course withdrawal or failed class. That said, as a standard practice, most calculations will be completed within 7 business days of the DOD. You can see the amount returned in your student portal [here](#).

Please contact your Student Finance Advisor if you have additional questions about when your R2T4 was or will be completed.
