Internship/Practicum Courses

If you are interested in beginning the Practicum/Internship process, please contact the Practicum/Internship Coordinator or your Student Advisor at CSU-Global. The coordinator can be reached by emailing internship@csuglobal.edu. The coordinator will explain the application and approval process for practicums and internships.

As an FYI-It is recommended that you find an organization to work with before deciding on a topic. This gives you and the organization some flexibility to work together.

Practicum course codes end in 495 for undergraduate students (ex: COM495, CRJ495) and 595 for graduate students (ex: ORG595, HCM595).

Please click here for a copy of the Practicum or Internship Handbooks:

[CSU-Global Practicum Handbook \(Undergraduate\).pdf](#) 

[CSU-Global Internship Handbook \(Graduate\).pdf](#) 

Some graduate programs such as Principal Licensure and Military and Emergency Responder Psychology (now closed) have internship and practicum requirements. If you are in one of those programs and have questions about this requirement, please reach out to your [Student Success Counselor](#).
