How can I tell if my Alternative Credit Course/Exam will Transfer in?

If you are looking to see if taking an alternative credit course or exam will transfer in, please review the following resources:

1. **CSU-Global Help Center article on alternative credit options:** [Are there any other alternative credit options available?](#)
2. **Alternative Credit Options** in your Student Portal. Click on the box called **Resources > Alternative Credit Options**
3. **Connect with your Student Advisor** to discuss your options and ask your questions

There is a limit on how many credits may be transferred in. Since we cannot guarantee that all alternative credits will transfer in based on your prior transcripts, please check with your Student Advisor if you are uncertain.
