## Classroom Expectations

Be sure that you understand the course expectations for all classes. **Read the course syllabus** and the course schedule pages very carefully, noting all activity and assignment deadlines. If you have any questions about what is expected of you in the course, [contact your instructor](#) immediately by email or phone.

Some activities you may be expected to complete in your online course include reading, watching videos, participating in online discussions, taking online quizzes, submitting assignments to the online assignment drop-box and communicating with your professor and/or classmates by email.
