Straighterline

CSU-Global accepts up to 60 credits (not to exceed 90 total transfer credits) from various alternative, non-traditional sources. One alternative resource that you may be interested in is Straighterline. Straighterline offers 100% online, self-paced courses, many of which are accepted as transfer credit at CSU-Global. Straighterline members also have access to 24-hour tutoring services. **As of 2023-2024, Winter Catalog caps no longer apply; 90 credits apply across the board.**

PLEASE NOTE: Prior to taking Straighterline courses, we recommend that you confirm with your Success Counselor that you have a transfer credit room and that the courses you intend to take are transferrable. *Not all Straighterline courses are accepted for transfer by CSU Global.*

Once you are ready to start taking Straighterline courses, please visit <https://www.straighterline.com/colleges/colorado-state-university-global-campus/>

Straighterline uses a monthly membership system, which is \$99/month. You will then pay for each course as well.
