

CSU Global Mentor Program

Last Modified on 08/26/2024 2:39 pm MDT

The CSU Global Mentor Program facilitates traditional mentoring relationships between student/alumni mentees and alumni mentors. In this program, the mentor and mentee will have continuous interactions and meetings (virtual or in-person) over the course of 3 months. This program aims to provide knowledge and career or personal development through a learning relationship between a student/alumni mentee and an experienced CSU Global alumni mentor. Learn more about the mentor program in [Global Connect](#).
