

How do I submit assignments during my Incomplete period?

Last Modified on 11/07/2023 2:34 pm MST

If you have been granted an incomplete for your class, you may have up to 4 additional weeks to submit specific assignments (click [here](#) for more details on being granted an incomplete). Class assignments can be [submitted through](#) Canvas, just like they were during the class.

Sometimes, classes that have officially ended will disappear from your student portal, even though you've been approved for an Incomplete. In this case, please access your archived course(s) and submit your assignments there. Click [here](#) for instructions on accessing an archived course.

Be sure to reach out to your Success Counselor or search the help center for any other questions about the incomplete process.
