If you click on the Blue bubble you will be able to review the full TurnItIn similarity report. You can check your

assignment as many times as needed to make sure your similarity score is in an acceptable range before submitting to the instructor. Please see the following document to confirm acceptable ranges: [Interpreting Turnitin Originality Reports in Canvas.pdf](#) 

When you are ready to submit your assignment for grading remove DRAFT from the file title change it to FINAL. Submit the assignment again. This will let your instructor know you are ready to have your assignment graded.
