

What is Global Connect?

Last Modified on 08/08/2023 10:49 am MDT

Global Connect or the Career Center is the platform students and alumni can use to connect and network with one another. It has services, tools, resources, and content to help you succeed in your career path.

You can access [Global Connect](#) and the resources offered by clicking the Career Center link on the left side of your [student portal](#). You will have to create a quick profile the first time you sign up.
