CSU Global is committed to your professional success and we offer job and career services through our Career Center, Global Connect. This includes no-cost resources for your employment needs such as guidance on the job search process, interviewing skills, and education that will lead to a more successful career path via your resume, cover letter, job applications, and networking.

You can locate this service on the left side of your Student Portal by clicking on "Career Center". Once in Connect, use the top navigation menu to access the following services:

- **Career:** Explore career paths based on your industry, passions, or hobbies. Review articles and videos on common career topics 24/7
- **Connect:** Schedule a career coaching appointment a university career coach who can help you plan the best path for your career utilizing your education and experience. Our career coaches are CSU Global instructors and experts in their field. They can help you collect career and job market information, choose a career that works best for your interests and personal circumstances, target your job search, make educational and professional decisions, and formulate a plan to help meet your goals. You can also adjust your appointment type to schedule a mock interview or social media / LinkedIn profile review.
- **Resources:** Access a variety of career resources, including the option to submit your resume and cover letter for review and receive guidance for building a resume that gets results and will pass through Applicant Tracking System (ATS) scrutiny. Our resume reviewers are thoroughly trained by a Certified Professional Resume Writer. Additional resources include skills assessments, the Career Success Webinar Series, and interview preparation and networking resources. We also have a partnership with Jobscan for instant resume reviews, available 24/7.

If you need any help with career center resources you can contact your Student Success Counselor or reach out to the career center directly at career.center@csuglobal.edu. You can also take a look at Global Connect - FAQs for commonly asked questions.
