How to Use the uAchieve Degree Audit

The uAchieve Degree Audit allows students to have a deeper view into their journey through their chosen degree path. You will now have more visibility into tracking towards degree completion at a high level or a more granular view into specific categories within your program.

You can access uAchieve through the Student Portal, in the same way you currently access your Degree Progress Audit (DPA). The uAchieve website is available by clicking 'Go to uAchieve' above the heading Student Information in the Degree Progress Details box. This will open a new tab on your browser. Please note if you are currently logged into more than one google account, this link might not work. Please log out of all Google accounts that are not related to your CSU Global account before visiting uAchieve.

uAchieve Degree Progress Detail

You will be redirected to a new page and will enter your Degree Progress Detail. Any questions regarding your current requirements or progress can be directed to your student success counselor, whose information is on the left hand side of your student portal homepage.

Note: if you are currently logged into more than one google account, this link might not work. Please log out of all Google accounts that are not related to your CSU Global account before visiting uAchieve.
