24/7 Tech Support and Mobile Support

CSU Global Mobile App

At CSU Global, you can access your courses and all CSU Global resources from your mobile devices. To do so, download the CSU Global Mobile App. Once the app has been downloaded, click "Get Started". This will take you to a Google login screen where you will enter your school email address and password. You may find that some content can be accessed without logging in, while other content will only be available to CSU Global students.

24/7 Tech Support

As always, we have our 24/7 tech support team to help you and troubleshoot in many areas, including CSU Global email and student portal access issues or problems with accessing your course and any content within your course. You can access this support in every course and from the student portal home page on the left hand navigation column under 24/7 Tech support or by calling 877-512-1974.

For your technical needs we've got you covered!
