

Are there any 4 credit-hour courses?

Last Modified on 02/08/2024 8:28 am MST

Yes, we do have some 4 credit hour **undergraduate** course options. The course numbers and titles are listed below; please see the [academic catalog](#) for course descriptions.

4 credit hour courses:

- BIO200: Human Anatomy and Physiology with Lab
- BIO202 Human Anatomy and Physiology II with Lab
- BIO204: Introduction to Microbiology with Lab
- BIO216: Human Pathophysiology
- CHE101: Introduction to Chemistry
- CRJ465: Crime Scene Investigation (CSI)
- GEO101C: Earth Science with Lab
- PHY101: Introduction to Physics

There are also several Global Direct courses that are 4 credits. Those can be used for elective credit. Please refer to the academic catalog for more information.

***There are no 4 credit-hour courses at the graduate level.
