Pearson+ Student Guide

Last Modified on 11/19/2026 10:25 am MST

Pearson+

Pearson+ is provided through Barnes & Noble College (BNC) as part of our Canvas Inclusive Access course materials program. It is an eTextbook with advanced learning features such as audiobooks (text-to-speech so you can listen to chapters), offline downloads, searchable highlights/notes, built-in flashcards, and an integrated AI study assistant on select titles. This course material will automatically be charged to your student account during the second week of the term. **You DO NOT need to purchase Pearson+ on your own.**

Student Access

From your Dashboard in Canvas, select your course.

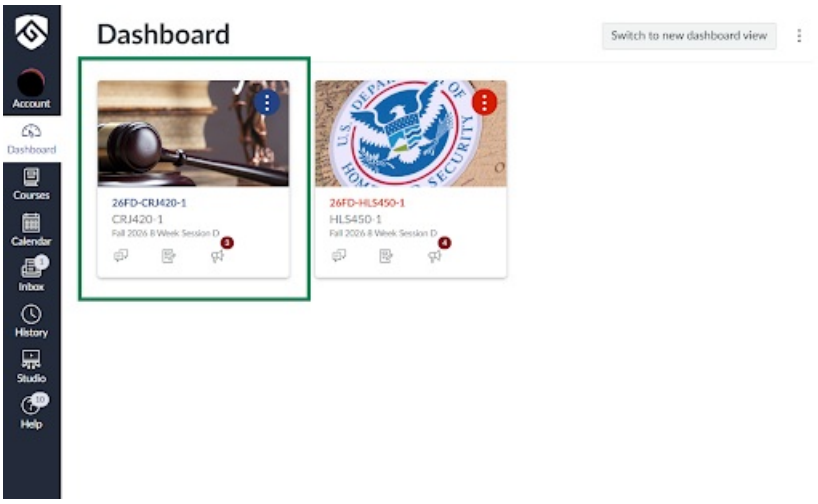

Figure 1 Student Canvas Dashboard

Open the Course Materials tab from the left side menu. The BNC Course Materials Portal will open in a new tab.

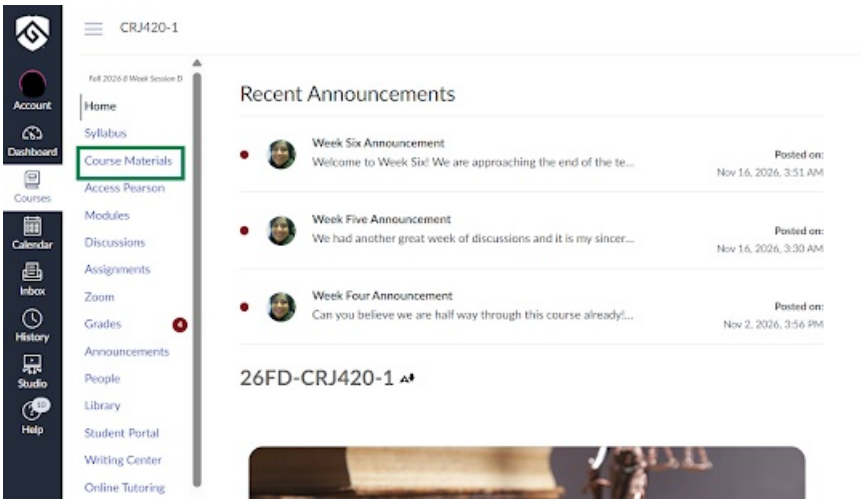

Figure 2 Course Home page. View of left navigation menu and Course Materials tab.

Select the green button to “Reveal Access Code." A box will pop-up on the right side. Select "Copy" to copy the access code to your clipboard.

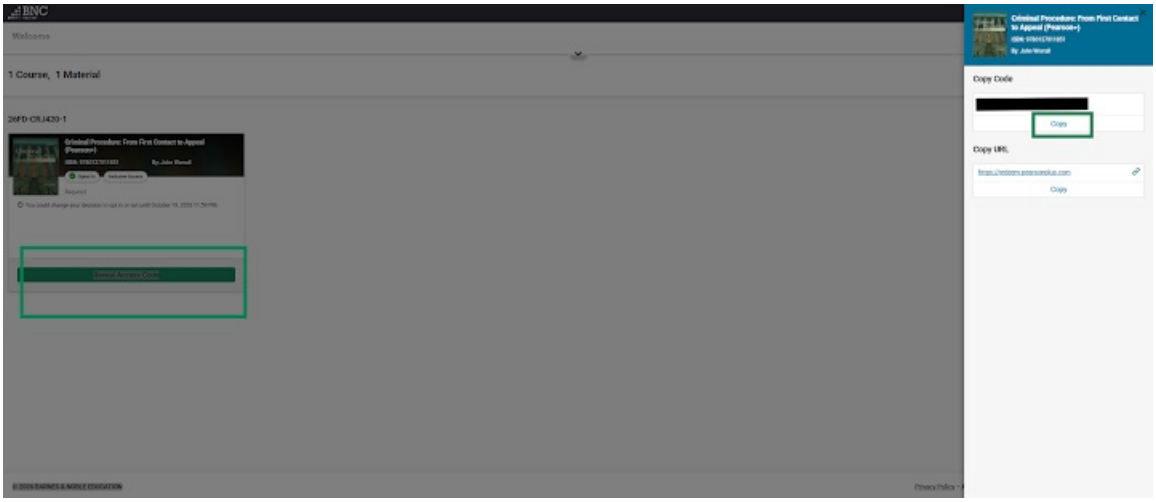

Figure 3 BNC Course Materials Portal. Reveal Access Code button in green with the Access Code copy option on the right.

Navigate back to your Canvas browser tab. Open the Access Pearson tab from the left side menu. Then select the purple "Open Pearson" button. This will open the eTextbook on Pearson+ in your current tab.

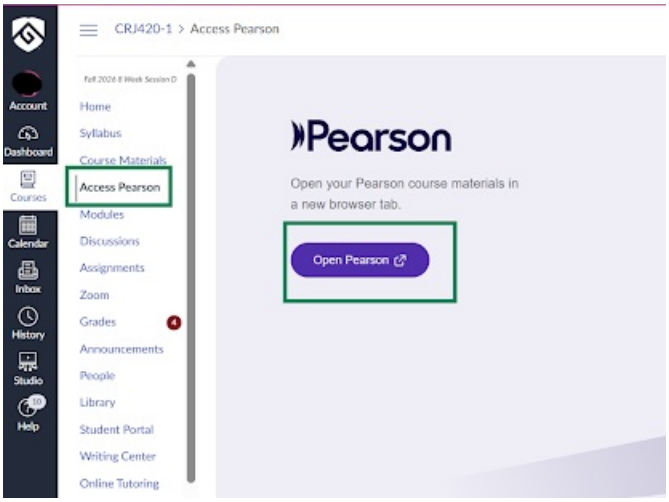

Figure 4 Access Pearson tab with the purple Open Pearson button.

If you have not previously used Pearson+ you will need to create Pearson account. If you have previously used Pearson, your account is automatically linked and the eTextbook on Pearson+ page will be shown. Select the "Redeem Now" option on the right side. You DO NOT need to purchase access here.

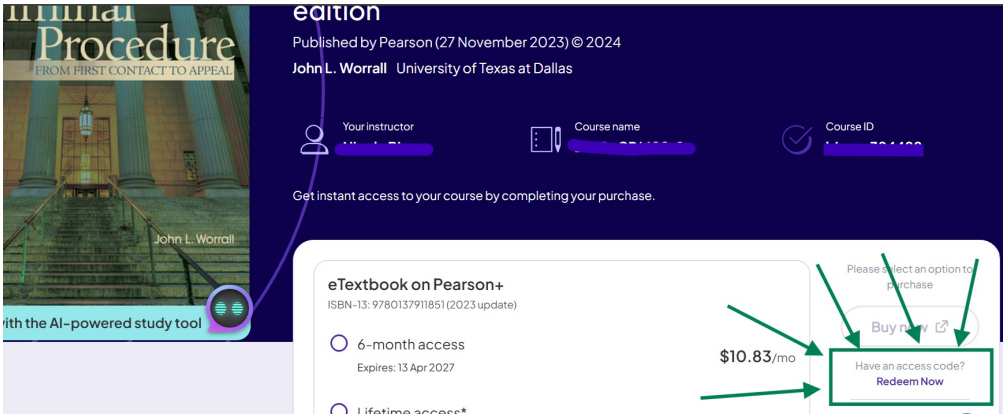

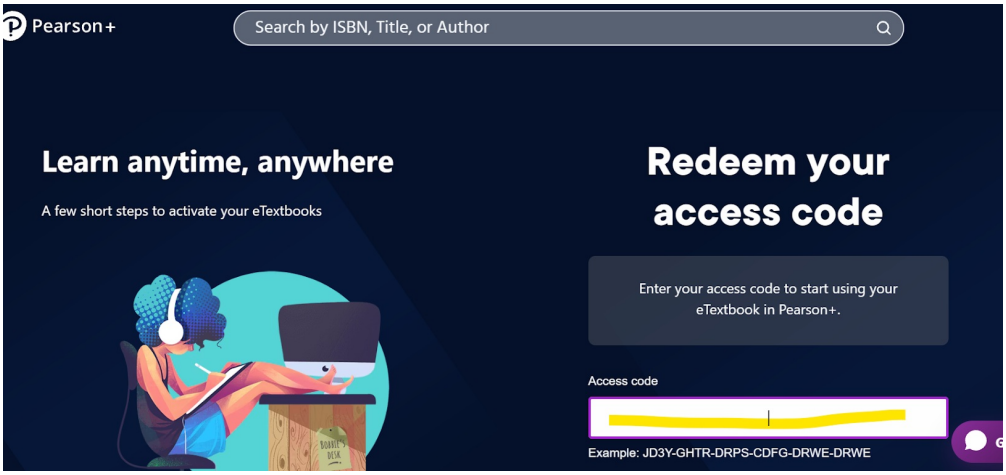

Figure 5 eTextbook on Pearson+ menu on the Access Pearson tab.

Paste the access code from the Course Materials tab in the white box and select enter.

FAQs

Q: What do I do if the Access Code box in my BNC Course Materials Portal is blank?

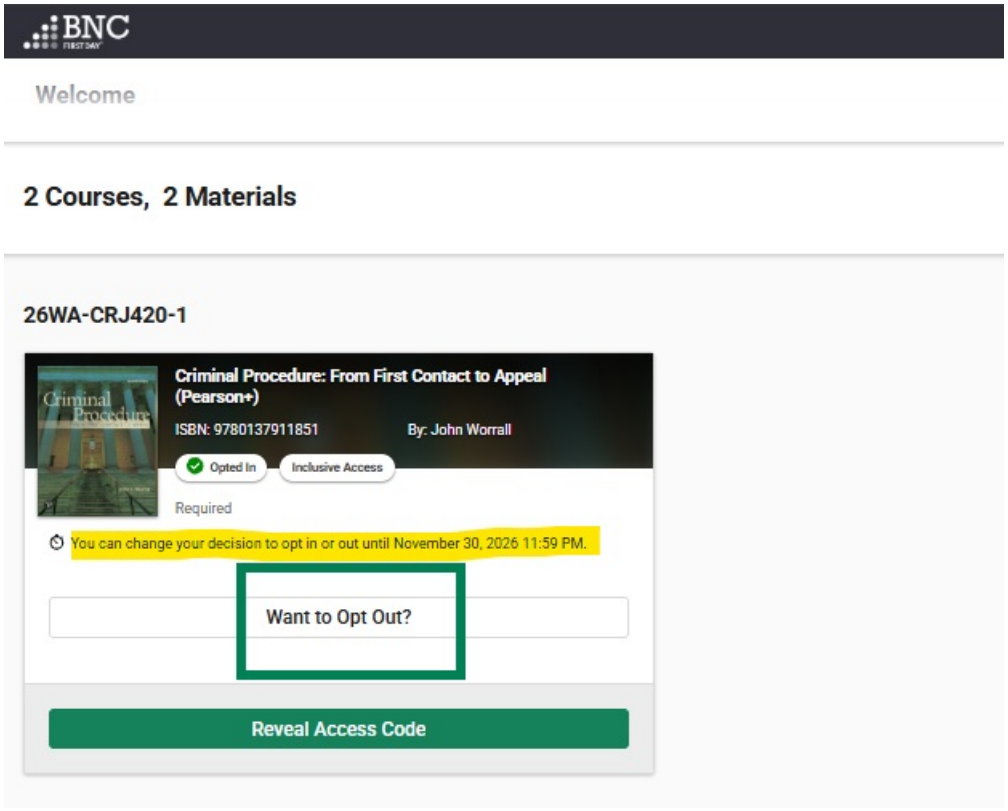

A: First, check to make sure you are opted-in. If you are opted-in and there is no access code, please take a screenshot and send it to your Student Success Counselor so they can submit a Course Materials ticket with our support team.

Q: What do I do if nothing happens when I select the Course Materials tab?

A: Please check your browser settings to enable pop-ups.

Q: Can I opt-out of Pearson+?

A: Yes. As long as you have another way to complete required readings for your class, you may choose to opt-out of the Pearson+ eTextbook. To opt-out, open the Course Materials tab. You will select the white "Want to Opt Out?" button in the BNC Course Materials Portal. This option is only available during the first seven days of the course. Please contact your Student Success Counselor with any questions or issues related to opting-out.
